

## Sony Ericsson Car Speakerphone HCB-100E

### Product description:

Just one touch to make or reject calls, in sound quality optimized for car use. Up to 24 hours' talk time and Bluetooth™ 2.0 for a stable connection. Up to six Bluetooth™ phone users can use the speakerphone. Give each their own color ID to know who is connected, at home, in the office or in the car. Bring the lightweight HCB-100E and clip it to the sun visor to make and take calls in the car. Or slide it off and take it with you to use elsewhere.

**Features:** Bluetooth™ technology, Color ID, Digital Signal Processing (DSP), Fast automatic volume adjustment

**Compatibility:** K510a, K550i, K850i, S500i, W300i, W580i, W610i, W710i, W810, Z310a, Z520a, Z550a, Z710i, Z750a
